Now that we're finished with this notice, let's discuss “37 Secrets About Women And Sex” ...

Hey, it's Adam.

And welcome to **“37 Secrets About Women And Sex”**.

I've created this report for:

- Any man who wants to become a better lover
- Any man who wants to SEXUALLY SATISFY his woman
- Any man who wants unbreakable sexual confidence

And well... I think you get the idea.

This report is for those men who care about women and enjoy pleasing them in the bedroom (or would at least like to become the kind of guys who *can* give women the sexual pleasure they crave).

I'll be straight with you - this report does not have all the answers.

There's not much “why” and there aren't any lengthy explanations.

Instead, what you'll find are just the FACTS... 37 Secrets about women and sex that most men will *never* know.

Now here's the important bit – this report might take you only 15 minutes to read, but it's incredibly important.

In fact, if you read it at least 3 times and laser-burn the information into your brain and never forget it – you'll be so far ahead of virtually all the other guys out there, it'll be a bad joke (for them).

You see, if you really take your time and read this thoroughly, you'll be gaining the 'bare essentials'. If you and I could sit down together to discuss 'women and sex' and we only had 15 minutes, and you wanted me to tell you the absolute basics – the stuff you positively *need to know* in order to give women INCREDIBLE SEXUAL PLEASURE, this would be what I'd tell you...

So sit back, 'switch your brain on' and prepare to soak this information up like a greedy sponge...

Secret #1: The size of your penis doesn't matter

Really, it doesn't – so don't worry about it.

Secret #2: How long you last in bed is not the deciding factor in how much sexual pleasure you give your woman

You could last an hour and still give her crappy sex. On the other hand – you could last only 3 minutes and give her great sex. Sure, those are extreme examples, but they are there to make a point clear...

Lasting a long time does not guarantee that you are giving your woman great sex.

Secret #3: Sexual experience is a myth

Many people think that the man who has slept with the most women will be the one who gives women the most pleasure in the bedroom.

Yet nothing could be further from the truth. What matters is your understanding of 'women and sex', not how many women you've 'banged'.

NOTE: I have friends who are the very definition of 'players'. They've slept with 100's of women, but I know for a fact that they don't give these women great pleasure. Do you want to know the biggest reason why? Simple – they *aren't* bothered. They are selfish lovers, simply wanting another notch on the bedpost.

Secret #4: Porn Isn't A Good Sex Education

And that's really all I have to say – don't try and replicate everything you see in the porn movies because that'd be a big mistake.

Secret #5: The 3 Keys To Overcoming Premature Ejaculation

If you suffer from premature ejaculation, here are the 3 most important things you need to work on:

- Your sexual focus
- Your nutrition
- Your breathing patterns during sex

Secret #6: Women Can Have Many Types Of Orgasm

If I read one more lame magazine article that goes on and on about how clitoral stimulation is the only way to get a woman off – I think I’ll scream.

The reality is that clitoral stimulation is just one way to ‘get a woman off’ and the clitoral orgasm is just one of *many* types of orgasm that women can have...

Secret #7: Women Can Have Vaginal Orgasms

These are the most important type of orgasm to get working with your woman.

Secret #8: Multiple Orgasms – Explained

There is no secret regarding multiple orgasms – it’s actually *very* simple. Once you get VAGINAL ORGASMS working, your woman will experience multiple orgasms every time you have sex and with very little effort required on your part.

Brilliant.

How come the mainstream ‘sex-experts’ never tell people that? Perhaps the word ‘*expert*’ is being miss-used!

Be very careful who you take advice from.

Very careful.

Secret #9: Women Can Have Squirting Orgasms

When a woman has a squirting orgasm – she will experience even more pleasure during her climax.

Secret #10: The Most Powerful Orgasm Of All?

It’s hard to say what the most powerful female orgasm of all is, but if I had to say one, it’d be the ANAL ORGASM.

“YES”, they are real and “YES”, your woman will scream loud enough to wake the neighbors when you give her one.

Oh, and “YES” – she’ll very likely beg you to f*ck her up the ass after you give her an anal orgasm using your fingers ;)

Secret #11: Even More Types Of Orgasm

We’ve mentioned clitoral, vaginal, multiple, squirting and anal orgasms. Also keep in mind that women can have mental orgasms and nipple orgasms too.

Some people refer to the mental orgasm as the MINDGASM.

Secret #12: Women Are Wildly Sexual

We have been conditioned by society to believe that women are the *less* sexual half of the human species.

The reality is somewhat different.

Know that women are *wildly sexual* and every woman will gain an incredible appetite for sex, once she gets with a good lover – a strong lover who can help her to unleash her wildly sexual side.

Secret #13: Women Are Sexually Submissive

Understand that this means that they *don’t* want to take control in the bedroom.

Secret #14: Women Love This Type Of Man In The Bedroom:

Manly, masculine, strong, sexually confident, sexually dominant.

Are you that type of man?

If not, work on it.

Secret #15: Women Like Naughty Sex

Another myth that many people believe is that guys are the ones who like ‘naughty’ sex and women just like it missionary style with the lights on.

But that’s a pile of B.S.

The reality is that women like, heck – they love... NAUGHTY SEX.

So do the decent thing and give her what she wants.

Spanking her ass is an example of making it a little ‘naughty’.

Secret #16: Women Like Dirty Sex

I see dirty sex as a little more adventurous and a little more hard-core than ‘naughty’ sex.

And guess what?

Yep, that’s right – women *love* DIRTY SEX.

Dirty sex could involve touching your woman’s anus as you eat her out. It could involve taking her to a sex party and fucking her in front of a group of people. It could involve having a threesome.

Whatever.

She’s your woman.

Just know that she wants dirty sex.

Secret #17: Women Like To Do Taboo Things In The Bedroom

This is very closely related to the secret that ‘women like dirty sex’.

Anything that is considered ‘wrong’ by society is TABOO. So taboo things are the kinds of things that we’re *not* meant to do.

You know that saying:

“It’s so wrong but it feels so right”

Well that’s what taboo things are.

A great example is ANAL SEX. It’s considered ‘wrong’ by many people and that just adds to its appeal for a woman in the bedroom.

Just because she doesn’t say she wants you to fuck her up the ass over lunch, that doesn’t mean she doesn’t want to try it with you in the bedroom.

Secret #18: Not All Women Are Equal

I know, I know –that’s a controversial thing to say, *right?*

But it’s the truth.

If you pick a ‘head-case’, a woman full of issues and hang-ups – you’ll never have good sex with her. Period.

On the other hand; if you pick a diamond - a confident, emotionally healthy woman... you’ll have much better sex and a happier relationship.

Some women are ready, others are not. I’m just sharing the facts with you.

Secret #19: Here’s The Type Of Porn Women Like...

The stuff with a story line.

Secret #20: Every Emotionally Healthy Woman Loves A Big Load

In other words – she wants you to ejaculate a lot of semen when you come.

NOTE: For women who aren't ready for great sex – this won't be true

Secret #21: Every Woman Is Different

This means that no matter what TECHNIQUE or POSITION you learn – every woman will respond a little differently to it. Therefore – you must be in-tune with your woman's sexual signals.

Secret #22: Sex Positions Aren't That Important

Using a wide variety of sex positions is a good thing because it brings variety to your sex-life. However, there is no one 'magic' sex position that's going to turn you into a SEX GOD.

To be a SEX GOD, here are the absolute basics you need to do with your woman in the bedroom...

Secret #23: How To Be A Sex God

Be *sexually dominant*, be original, TALK DIRTY, make it 'naughty' and give your woman vaginal orgasms during intercourse.

Secret #24: For Women – Sex Is A Very Mental Experience

So if you only stimulate her genitals, you'll never give her great sex.

Never.

Secret #25: The Magic Of Dirty Talk

Dirty Talk will enhance the results you get from any 'physical' sex technique you use on your woman.

Secret #26: The Art Of Dirty Talk

Timing is everything with dirty talk.

Sometimes you can say something soft like:

“You smell so good to me baby”

Other times you can say something hard-core like:

“You love it when I fuck you hard don’t you baby”

The point is – there’s an art to successful dirty talk... you have to know not only WHAT to say but also WHEN (and how) to say it.

Secret #27: The Most Important Thing In Any Sexual Relationship...

Is respect.

You must respect your woman and she must respect you. Without that, great sex won’t happen. Period.

Secret #28: You Need To Treat Her Well Outside The Bedroom

If you want to have incredible sex with your woman, you have to treat her well outside the bedroom because if you don’t – she won’t want to have sex with you and she won’t be as responsive to you inside the bedroom.

Secret #29: What To Do When She’s Not ‘In The Mood’

Give her a massage.

This will *turn her on* and get her IN THE MOOD.

It works everytime (providing you’re good at it).

Secret #30: The Greatest Aphrodisiac In The World For Your Woman

This one's easy (but hardly anyone 'gets it') – GREAT SEX.

Seriously, if you want to keep your woman's sexual appetite sky-high – give her great sex. There is no other way.

Secret #31: How To Get Everything You Want In The Bedroom

The secret to getting your woman to do all the stuff that most guys dream about but whose women can't be bothered to do for them is to give her GREAT SEX.

The more you give your woman in bed, the more she'll give you back. Guaranteed.

Secret #32: What Most Women Do When They Get Lousy Sex

CHEAT.

Seriously, way over 50% of the female population has admitted to cheating on their men at least once. And that's just the percentage who admitted to it.

Secret #33: The Biggest Reason Why Women Cheat

To GET BETTER SEX.

"YES", *really* – sex is that important to women.

Secret #34: The Biggest Difference Between Men And Women In The Bedroom...

Men are usually happy just to get sex – *any kind of sex*.

On the other hand – women are only interested in *really great sex*.

That's a freaking HUGE difference and one you should keep in mind at all times when you are interacting with your woman.

Secret #35: Here's The One Line Answer To The Question: What Is Great Sex?

When you give your woman vaginal orgasms during intercourse, then you'll be giving her great sex.

Secret #36: A Simple Way To Keep Your Intimate Relationship Strong And Healthy

Go on at least one 'date' with your woman a week.

Just you and her and no other distractions.

Secret #37: The Most Important Things You Need To Work On In Order To Become A Better Lover

To become a better lover and be able to sexually satisfy your woman, you must have:

- Sound sexual beliefs
- A basic knowledge of female anatomy
- A good knowledge of 'little-known', devastatingly powerful sexual techniques that you can use to give your woman mind-blowing orgasms
- The ability to be sexually dominant
- A genuine desire to please your woman (it has to be a part of who you are)

Bonus Secret: Why Most Men Are Lousy Lovers

Most men are lousy lovers because their EGO prevents them from admitting to themselves that they aren't very good in bed.

This stops them taking the necessary action to improve themselves. Therefore, most men will remain lousy lovers for life.

Shame.

Conclusion

Read this report at least once more and preferably twice more so that you really take this information in and absorb it.

The truth is that each of these secrets about women and sex could be a Book, CD or DVD in its own right.

After-all, this is a *huge* area we are talking about.

If you want to have a happy, fulfilling and wildly sexual relationship with your woman (or with multiple women, if that's your thing) you have to work on this – just like you'd have to work hard at the gym if you wanted a great physique or work hard at the office if you wanted to build a successful business.

For most men, the hard work is too much and they'll never even start working on their skills regarding women and sex because their ego won't let them.

My challenge to you is to keep working on this area of your life that we'll refer to as 'women and sex' and work on it until you MASTER IT. Mastery of this area of your life can bring a deep sense of fulfilment that has no comparison.

On the other hand – knowing that you haven't got the area of 'women and sex' handled can bring a negativity to your life that just isn't healthy. Quite frankly, when you know that you need to work on the 'women and sex' area of your life and you still don't do anything about it – it has the potential to eat you up inside and make you feel like crap.
